

Registering with Townsquare

(You will need to do this on a computer or through a browser on your phone/tablet)

1. Go to the following website: <https://app.townsq.io/login>
2. Click on Sign up with account number and then input your account number. This is provided on the mailing sent out by Goodwin & Co. If you haven't received it yet, you should get it this week.

The image shows a web interface for 'Sq community'. At the top is the logo, which consists of a green square with a white 'Sq' inside, followed by the word 'community' in a sans-serif font. Below the logo is a white rounded rectangle containing the text 'Join your community now' in bold, followed by 'Sign up with your email or your account number.' in a smaller font. There are two green buttons: 'Sign up with email' and 'Sign up with account number'. A red arrow points to the 'Sign up with account number' button. Below these buttons is a link that says 'Already on Community?' with horizontal lines on either side. At the bottom of the white rectangle is a white button with a black border that says 'Log in'.

3. After inputting your account number it will show the information associated with the account number.

Confirm

Your info will appear here.

4. Hit Confirm and then set a password on the next screen and hit OK.
5. Access has been established and you will be taken to your Homepage.
6. Download the TownSquare app via the App Store or Google Play Store if you don't already have it and log in.
7. Be sure to set your notification settings to at least allow email communication so you get an email anytime an announcement is posted to the community page.
